(Note for Pat Seppi at the end)

Hi Jeff,

It appears the Ringwood Library has agreed to allow us to have our meeting at the library!

Please let me know how I can help get the insurance certificate from Sierra Club. Thank you so very much for offering this critical support to our public meetings.

Just as aside, the attorney did not seem (I could be wrong) how to add an additional insured onto a certificate for a limited purpose/event.

If you want to reduce the coverage (if it is too high), let me know and I'll see what I can do. I would imagine your coverage might be this high anyway. When he got a little confused on the phone yesterday, he said he would call his broker and find out how to do it; so these terms are likely dictated by the broker.

It's a bit surprising they have asked for the Borough to be an additional insured as when the CAG used Borough Hall for years, I do not believe the CAG was required to post insurance. But we should likely let it go for now if that is ok with you. We will have to work on a more global solution in the coming weeks.

P.S. They have not asked me for the \$50.00.

To Pat Seppi, please make sure Ford, the Borough, the EPA, and the ATSDR is in attendance.

Judith: A certificate of insurance from the Sierra Club is acceptable as follows:

Added insured: The Library Association of Ringwood and the Borough of Ringwood.

Specify that the coverage pertains to a meeting sponsored by the Ringwood Mines Superfund Site

Community Advisory Group to be held at the Ringwood Public Library on July 13, 2017 with estimated attendance of 70 people.

Insurance limits: one million per occurrence and two million in the aggregate.

Any questions/comments, do not hesitate to contact me.

Regards.
